

March 7, 2019

Good morning Joseph,

We use the two Colorado investment pool providers. I will pull our statements, along with the description of each organization and the Board of Education policy and get them sent to you.

We also have a Financial Oversight Committee, along with the COO that helps guide our investments.

I will send you the charter for the committee, as well.

I am planning to have everything gathered and sent to you tomorrow.

Thank you!

Vi
