

Ms. Wells:

The recent Sentinel article regarding administrative raises stated that a public meeting was held a 7 a.m. on April 24 at the Administrative Services Center. Will you please provide a copy of the notice of the meeting, the agenda for the meeting, and the minutes of the meeting. I attempted to find these items on your web site but was unsuccessful. If a video or audio recording was made of the meeting, I would also like to receive a link to or a copy of the tape.

Thanks,

Dennis J. Simpson
