2023-2024 General Fund Expenditure Summary

PERA On-Behalf Fund

The State of Colorado will provide annual direct payments to Colorado PERA (Public Employees' Retirement Association) in the amount of \$225 million, demonstrating their commitment to the long-term viability of PERA. The payment is to continue until PERA's unfunded liability is eliminated.

In addition, during the 2022 legislative session lawmakers passed a bill that will provide funds to make up for a \$225 million payment that was missed in July 2020. The payment was skipped due to poor state economic conditions during the pandemic.

SB23-056 passed during the 2023 legislative session directs approximately \$14.5 million in additional repayment.

These payments, made on-behalf of PERA covered employers, are allocated based on the proportionate amount of annual payroll to the School Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. GAAP (Generally Accepted Accounting Principles) require each entity to report its proportionate share of the on-behalf payments as both a revenue and expenditure. Because these offsetting entries have no financial impact on district operations, we have chosen to record them in a stand-alone sub fund to the General Fund.

Colorado PERA does not provide the calculations of each district's proportionate share of on-behalf payments until after year-end. As such, budgeted amounts represent a conservative estimate based on prior years' data.

Total Expenditure = \$8,200,000
Per Pupil Expenditure = \$424.63

Universal Preschool (UPK) Colorado Program

Universal Preschool (UPK) Colorado ensures that every child in the year before they are eligible for kindergarten can receive half-day, state-funded preschool programming, beginning in the 2023-24 school year.

UPK Colorado was created as a result of Proposition EE, approved by voters, that increased taxes on nicotine products in order to fund various health and education programs, including preschool. This revenue source, along with previously existing State revenues for preschool will merge into a single funding stream to support the UPK program.

Prior to the 2023-24 school year, preschool in Colorado was funded through the Colorado Preschool Program (CPP) specifically for children considered to be “at-risk” through the allocation of slots available to each school district. Additionally, Special Education qualifying preschoolers were previously included in the October student count for which school districts received General Fund per-pupil revenue (PPR).

UPK funding is based on student count throughout the year and hours of available programming. Fiscal year 2023-24 budget is based on 795 students as of October, funded at the 10 hour/week programming tier.

Independence Academy Charter School

By Resolution adopted October 21, 2003, Mesa County Valley School District 51 Board of Education approved an application by Deep River Charter School to begin operations not later than the 2004-05 school year for a term of 3 years. Deep River changed its name to Independence Academy beginning with the 2006-07 school year.

Independence Academy Charter School is organized and maintained as a separate legal entity from the district, constituting a public school in the state of Colorado. It is the desire of both the district and the charter school that the charter school be accountable to the Board and subject to the ultimate authority of the Board, but that the Board grant the charter school flexibility to achieve successful educational results in new and innovative ways. The charter school is designed to increase the educational opportunities of at-risk pupils within the meaning of sections 22-30.5-103 and 109(2), C.R.S.

The revenue for the 2023-24 school year is based on 457 FTE.

Per Pupil Revenue \$10,033.51 X 457 FTE = \$4,585,314

Total Expenditure = \$6,287,328
Per Pupil Expenditure = \$325.59

Juniper Ridge Community School

Juniper Ridge Community School is a multi-cultural K-8 charter school using an arts and nature-based curriculum rooted in the Waldorf tradition.

A great body of research suggests the Waldorf approach of using art, nature, and a unique understanding of child development helps all children—regardless of aptitude or socio-economic status--reach remarkable academic and personal success. Waldorf-inspired graduates love to learn and continue to seek knowledge far beyond the last day of school, becoming highly valuable employees and community members.

Traditional Waldorf schools are tuition-based and often inaccessible to all but a small tier of students. JRCS believes this outstanding educational model should be available to all children, regardless of finances, which is at the heart of the creation of this outstanding school.

The revenue for the 2023-24 school year is based on 392 FTE.

Per pupil revenue $\$10,033.51 \times 392 \text{ FTE} = \$3,933,136$

Total Expenditure = \$5,493,478
Per Pupil Expenditure = \$284.48

Mesa Valley Community School

In 2007, a group of families and community members in the Grand Valley began exploring the idea of blending homeschooling with public schooling, keeping the best of each and making a hybrid more robust than either alone.

After negotiating a contract with School District #51, Mesa Valley Vision—Home and Community Program opened its doors for the first time. The 2008-09 school year was the first of six great years of operation for MVV. Families liked the opportunities MVV provided, and the school did very well, getting excellent performance ratings.

In 2013, it became clear that the structure of MVV as a contract school would be impossible to maintain and the difficult decision was made to close the doors of MVV at the end of the 2013-14 school year.

However, many people were not willing to let this great idea die. Too many students had benefited from being able to pursue a personalized learning plan supported by District and private resources. A group of people worked hard to create a new school which would fill the gap that MVV was leaving behind. This school would also be built on the solid principles of personalized education in a variety of environments.

In early 2014, an application for Mesa Valley Community School to become a District #51 charter school was submitted for approval and the new school opened its doors for the 2014-15 school year.

The revenue for the 2023-24 school year is based on 227.78 FTE.

Per pupil revenue $\$10,033.51 \times 227.78 \text{ FTE} = \$2,285,433$

Total Expenditure = \$2,934,899
Per Pupil Expenditure = \$151.98

The Governmental Designated Purpose Grants Fund accounts for revenues from federal, state, and local grants where expenditures are restricted to the specified purpose in the grant agreement. The district limited the number of state grants it accepted prior to 1999 because of limitations in revenue growth proscribed in an amendment to the state constitution. Voters approved the revenue limitations be lifted in a November 1999 election.

Physical Activities

This fund accounts for most of the revenue and expenditures associated with athletic programs in the four high schools. Actual costs for student athletics and activities are split between two different funds. The General Fund covers salaries and benefits for coaches, activity sponsors, and athletic directors, as well as such indirect costs as maintaining athletic fields, utilities for athletic facilities, and supplies. Revenue from gate receipts and student participation fees are reported in the Physical Activities Fund. District 51 believes that student participation in athletic and activity programs is essential for a well-rounded education. In order to allow as many students as possible to participate, fees need to be kept within reasonable limits. Therefore, District 51 chooses to fund a part of the costs associated with these activities.

Beginning in fiscal year 2020-21, Governmental Accounting Standards Board (GASB) Statement No. 84 requires that Student Body Activity funds which were previously reported as Trust and Agency Funds, now be reported as Special Revenue Funds.

Bond Redemption

The Bond Redemption Fund is required by state law to provide revenue for repayment of bonded indebtedness which has been approved by the voters. Property taxes are levied each year in an amount sufficient to cover only the required principal and interest payments. These are long term obligations of the school district and by law, monies in this fund cannot be used for any purpose other than to retire voter approved debt.

Colorado Revised Statutes, Section 22-42-104, provides a maximum bonded indebtedness of "twenty percent of the latest valuation for assessment of the taxable property in such district, as certified by the assessor to the board of county commissioners."

This Bond Redemption Fund Budget Summary accounts for the property taxes received and the payment of principal and interest on the district's 2004 General Obligation Bonds (Refunded Series 2011 and 2012), 2018 General Obligation Bonds, and 2022 General Obligation Bonds.

The 2004 General Obligation Bonds were approved by the voters in November 2004. These bonds were approved to build two elementary schools and an 8/9 school, replace a middle school and an alternative school, and provide maintenance and upgrades to existing sites. General Obligation Refunding Bonds, Series 2011 and 2012, were subsequently issued to partially advance refund the Series 2004A bonds.

Approved by the voters in November 2017, the 2018 General Obligation Bonds were passed for priority 1 maintenance projects, the replacement of Orchard Mesa Middle School, technology upgrades, a gym at Dual Immersion Academy, an auxiliary gym at Palisade High School, and security features at schools across the district.

In November 2021, voters approved the 2022 General Obligation Bonds for a new Grand Junction High School and the remodel of some existing buildings on the site.

Per Pupil Expenditure = \$1,090.01

Capital Projects

Capital Projects Fund is funded by monies allocated pursuant to the provisions of section 22-54-105(2) CRS transferred from the General Fund. Such revenues may be supplemented by gifts, grants and donations. Per student amount to be transferred is determined each fiscal year. The amount is dependent upon state funding received by the state. Funding is then distributed to the general fund, capital projects and insurance funds.

According to CRS 22-45-103 (I)(c), expenditures from the fund shall be limited to long range capital outlay expenditures and shall be made only for the following purposes:

- Any acquisition of land, improvements, construction of structures or additions to existing structures, and acquisition of equipment and furnishings;
- Alterations and improvements to existing structures;
- Acquisition of a school vehicle, or other equipment;
- Any installment purchase agreements or lease agreements with an option to purchase for a period not to exceed twenty years and any lease agreement without the option to purchase;
 - Any software licensing agreement;
 - Acquisition of computer equipment.

Expenditures from the fund shall be authorized by a resolution adopted by the Board of Education at any regular or special meeting of the Board. The resolution shall specifically set forth the purpose of the expenditure; the estimated total cost of the project; the location of the structure to be constructed, added to, altered, or repaired; a description of any school buses or equipment to be purchased and where such equipment will be installed.

The budget is structured to provide authorization for expenditure of all possible funds which may be available. This includes possible balances that remain from previous projects, estimated carryover funds from the preceding year, and new revenue for the budget year. Any balance remaining upon completion of any authorized project may be encumbered for future projects which are authorized as provided in C.R.S., Section 22-45-103(c).

Total Expenditure = \$8,222,247
Per Pupil Expenditure = \$425.79

Building - Juniper Ridge Community School

This Building Fund is used for the construction of new schools and expansions to current building capacities, specifically for projects at Juniper Ridge Community School.

In 2018, Certificates of Participation (COP's) were taken out on behalf of Juniper Ridge Community School. The proceeds from these COP's were used to build a new school for Juniper Ridge.

Juniper Ridge, a charter school of District 51, will be responsible for repaying the COP's. Debt service for the COP's is kept in the Capital Projects Fund.

Medical Insurance

On November 11, 2003, the Board of Education approved the option to move to self-funding for employees' medical coverage. This health benefit plan for employees became effective January 1, 2004.

Self-funded plans are health plans developed and managed by the school district. The district uses a third-party administrator to support the plan. Under the self-insured arrangement, the district chooses to retain the risk rather than pass it on to an insurance company or Health Management Organization (HMO). Both the employee and employer may make monetary contributions to fund the plan, as with a traditional health insurance program.

In order to insure against catastrophic losses, the district purchases "stop loss" insurance.

Insurance

Colorado Revised Statutes, Section 22-45-103, allows school districts to maintain a fund created solely for the management of risk related activities. The Insurance Fund is funded by a transfer from the General Fund. Activities for this fund include:

- Pure self-insurance needs for property, liability, and workers compensation
- Aggregate contributions for organized and licensed pool participation
- Accumulation of funds to meet future self-insurance needs
- Insurance premiums paid to commercial insurance firms
- Staff wellness programs
- School safety and security

Coverage for property and liability is through membership in the Colorado School Districts Self Insurance Pool. Participation in pools and associations help keep costs to the district as low as possible.
