						<p>D. RECOGNITIONS</p> <p>D-1. Certificate of Achievement for Excellence in Financial Reporting [Resolution: 06/07:113]</p> <ul style="list-style-type: none"> > Mr. Rowley read the resolution and presented the Certificate of Recognition to Melissa Callahan de Vita, Executive Director of Support Services, and Nancy Paregien, Director of Finance/Payroll. This is the eighth consecutive year the Board of Education has recognized staff for being awarded the Certificate of Excellence in Financial Reporting from the Government Finance Officers Association. <p>D-2. Meritorious Budget Award, Association of Business Officials (ASBO) [Resolution: 06/07: 115]</p> <ul style="list-style-type: none"> > Mr. Robinson read the resolution and presented the Certificate of Recognition to Melissa Callahan de Vita, Executive Director of Support Services; Vi Crawford, Budget Director; and Dianne Miller, Executive Secretary of Support Services, for receiving ASBO's Meritorious Budget Award. This is the eighth year Mesa County Valley School District 51 has received the award. > Mr. Robinson conveyed the Board's appreciation for the work involved to present the district's complex budget in a format which is transparent and people can understand. This award brings pride and honor to the district. > Melissa Callahan de Vita recognized Dianne Miller for the contribution she has made to the district. Dianne is retiring after 28 years of service. <p>D-3. Kids Voting Mesa County, Finalist El Pomar Award for Excellence in Youth Development [Resolution: 06/07: 128]</p> <ul style="list-style-type: none"> > Mr. Butler read the resolution and presented the Board's Certificate of Recognition to the following Kids Voting Directors and Board Officers: Martha Graf, Executive Director; Bill Liggett, President; Stephanie Tuin, Vice-President; and Karen Edgington, past Director and Board Member. Two plaques for excellence from El Pomar were also presented; the plaques will be displayed at the District Office. <p>E. BOARD REPORTS/COMMUNICATIONS/REQUESTS:</p> <ul style="list-style-type: none"> > Mr. Robinson recognized the recent appointment of Dr. Tim Mills by Governor Ritter to the P-20 Commission. Dr. Mills is among three superintendents selected to work with the 37 member state commission which will focus on educational reform. Mr. Robinson congratulated Dr. Mills on being selected from over 400 applicants. > Mr. Rowley reported on highlights of the New Century Schools Summit Conference he attended with Mrs. Kiesler and Mr. Butler. Conference keynote speakers included Willard Daggett, Raymond McNulty and Mike Schmoker. Presenters focused on what is proven to work in education. Board members had the opportunity to meet one-on-one with Mr. Daggett; a key-point of the discussion was centered on essential skills, noting that what is viewed as important items on the CSAP testing doesn't necessarily have anything to do with essential skills. Mr. Rowley gave technical reading as an example, and acknowledged this alignment to teach essential skills and the skills needed on assessments continues to be an interesting conversation for education stakeholders. Mr. Daggett has offered to come to the District and do an essential skills survey. > Mr. Rowley spoke of the upcoming Board Election. There will be two seats open for election this year. Mr. Rowley emphasized there are time constraints involved in being a board member, and everything board members do is geared to educating themselves about best practices to make better decisions to be more effective in support of administration.

	A	B	C	D	E	AGENDA ITEM	ACTION
						<ul style="list-style-type: none"> ➤ Mr. Robinson voiced his appreciation for Mr. Rowley's comments, encouraged board members to be available to candidates, and asked about the possibility of sponsoring a school board candidate training. ➤ Board members discussed timing for such a workshop to occur in August or September. Mr. Rowley has discussed a possible regional candidates' forum with a representative from CASB. Mrs. Kiesler voiced her opinion that a session would be most valuable after election petitions are turned in, early in September. The Board Secretary will follow-up to schedule. ➤ Board members commented on the recently purchased Redlands property site. <ul style="list-style-type: none"> • Mr. Rowley has visited the Redlands site several times, and is encouraged the site will serve the needs of the district, if the design is appropriate and the school sits toward the back. • Mr. Robinson has received a lot of emails on this topic. Research has been done and information reviewed regarding access, and he believes access would not be a barrier. The complaint has been voiced about the traffic on Broadway being a danger, and he understands the neighbors' view regarding peace and quiet. He reminded the audience that it has not been decided a school will be built at this specific location. He will listen to all complaints. • Mrs. Kiesler commented the district has two pieces of property on that side of the valley, and when the time comes to look at possible construction, the issues voiced today may not exist. When construction is imminent, there will be much time dedicated to discussion. <p>F. LEGISLATIVE REPORT</p> <ul style="list-style-type: none"> ➤ Mr. Robinson has heard there will be a lawsuit filed by Independence Institute, regarding Senate Bill 199, relating to the mill levy freeze. ➤ At this time, Mrs. Kiesler has not heard of a lawsuit. ➤ Mr. Robinson asked if other districts are withholding funds. Dr. Mills is unsure what other districts are doing around this issue, but gave assurance District 51's budget has been prioritized, and the funds anticipated from Senate Bill 199 have been put on hold. Under the circumstances this is the prudent thing to do at this time. ➤ Board members indicated their hope for a better way to fund education in the future. <p>G. AUDIENCE COMMENTS: Redlands Property Acquisition</p> <ul style="list-style-type: none"> ➤ Alice Smith, 467 Wildwood Drive, Grand Junction, CO 81503 <ul style="list-style-type: none"> • Ms. Smith addressed the Board, regarding access points on the newly purchased Redlands property. She asked when a school would be built. • Dr. Mills responded that the decision, type of school and where it would be built is not finalized. At the current time there isn't funds budgeted to build a school. The Long Range Planning Committee guides the process; there may be a decision next November. Dr. Mills offered the possibility that the earliest a school could be built would be four or five years. ➤ Patti Milius, 445 Wildwood Drive, Grand Junction, CO 81503 <ul style="list-style-type: none"> • Ms. Milius voiced safety issues, regarding the Redlands property. She believes the site is on top of bentonite. Her concerns included the inadequacy of roads to handle increased traffic in the area and flood plain issues. She encouraged the Board to consider another school site. ➤ Board members thanked both Ms. Smith and Ms. Milius for their comments.

						<p>H. SUPERINTENDENT'S REPORT</p> <p>H-1. District Accountability Committee (DAC) Report: Steve Schultz & Karen Foster</p> <ul style="list-style-type: none"> ➤ Steve Schultz introduced Karen Foster, Co-Chair of DAC. The following information was provided: <ul style="list-style-type: none"> • DAC reported to the Board in the spring for an update. An annual report is required. This report is considered as Part 2 of the report from previous information. • The AIMS Committees have presented to DAC and recommendations have been developed for those areas. A copy of which was given to the Board. • DAC has learned about the work accomplished in the AIMS committees, how the Baldrige Model works, committee goals and results. ➤ Mr. Robinson acknowledged the DAC as the single most important committee in the district. He is impressed with the sustained interest, and asked how the Board could provide support. ➤ Karen Foster outlined the process for recruitment of new members which included going out to school building accountability teams and inviting people to be involved with this district-wide effort. She encouraged the Board to give the DAC recommendations serious consideration. ➤ Dr. Mills indicated next steps for the recommendations will be to work with the administrative team to determine how to respond through the AIMS structure. He appreciates the long-term commitment involved from community members in serving on DAC, noting the Individual School Improvements Plans provide two-way communication, which is important to reform efforts. The DAC is established by legal statute. ➤ Steve Schultz reported the Continuous Student Success information will be brought to the Board in September, as soon as data is received and recommendations developed. He thanked Jim Gebhard and Ron Rowley for representing the Board on the DAC. ➤ Board Members and the Superintendent thanked Karen Foster and the DAC Committee for their work. <p>H-2. Progress Monitors: Steve Schultz & Cathy Haller</p> <p>Larry Walling was available to answer data questions.</p> <ul style="list-style-type: none"> ➤ Cathy Haller gave a PowerPoint presentation which included: <ul style="list-style-type: none"> • Progress monitor position roles and work processes: working as an advocate for each student, reviewing transition data, ensuring information is communicated, meeting and supporting students, working with staff, encouraging increased parent involvement, working to support interventions, and maintaining records. • Current data showing number of students, average number of risk factors, attendance and grade point average; • Current data for monitored students in CSAP Math, Reading, & Writing; • SMART Goals for monitored youth in attendance, behavior and academics. The data presented is based on grades 6-10. ➤ Board members were also given a list of at-risk factors for student identification. ➤ Mr. Robinson asked if the information is available, regarding the SES and ethnicity of these students. Cathy Haller does not have that information, but she will pull the data and get back to him. Cathy believes there is some commonality among ELL, ESL and students identified to work with progress monitors.

						<ul style="list-style-type: none"> ➤ Steve Schultz indicated that risk factors are used broadly across the spectrum to include gifted students. The need is greater than originally thought; additional time has been added at the high schools. It is important to connect students to relationships within the school. ➤ Mr. Robinson asked about students who may not do well in school, but have a talent or strength in a specialized area, such as music, mechanics or a physical activity. By encouraging the student to maximize their strengths, these other areas can be addressed. Cathy Haller responded that at the building-level, through the Response to Intervention (RTI) process; they work as advocates for students, getting to know them, doing interest inventories and working through that information to bring back to the broader group to look at interventions and supports; it is part of the process to look at student strengths. ➤ Dr. Mills emphasized the importance of connecting with the student who can become “anonymous” in a big school system. We are growing in the number of students we want to monitor and help as a support system. Progress monitors work in an advocacy role and provides support for the student and the teacher. Over time there will be real power in these connections. ➤ Board members and the Superintendent thanked Steve and Cathy for their presentation and their work in this area. <p>Recess: 7:15 pm, Reconvene: 7:32 pm</p> <p>H-3. Extended learning Update:</p> <ul style="list-style-type: none"> ➤ Steve Schultz introduced the team leading extended learning: Cathy Haller, Lee Carlton, and Steve States. Recognition was voiced for a number of people who have worked on the Extended Learning Committee this summer to ensure the success of the program: Terri Requa, Rudy Malesich, Kim Babble, Jo Pifer, John Pomaski, Ken Haptonstall, and John Keck. ➤ The report included the logistics of classes at nine sites K-8 and one high school site. Enrollment this year is 2,147 students, 1,636 of those students are “red-zone” learners – this was the district focus. The majority is participating in remediation. Busing and lunch is provided. If students were recommended by their teachers to attend, there was no charge for tuition. 125-140 teachers are involved. Teachers were engaged in two-days of staff development. ➤ Mr. Robinson asked if there is value in serving breakfast or a morning snack. Steve States replied teachers have commented this would be a good thing to have, and through the Extended Learning budget, snacks have been provided especially for the younger students. ➤ Dr. Mills noted that the district is looking at extended learning as a gift of time; additional time is needed for some students to learn. He is proud of this team and their leadership, and will look forward to an update when data is available in the fall. ➤ The Extended Learning Leadership Team thanked and recognized the work of the teachers, who really make a difference for kids. <p>H-4. Parent Academy: Mike Gallegos</p> <ul style="list-style-type: none"> ➤ Mike Gallegos provided a PowerPoint presentation, outlining information on the Parent Academy, as a possible opportunity to be utilized next school year. The information regarding the model was presented at a national conference he attended in Dallas, Texas. This is a program which is renowned in the Texas area and has a proven track record.

						<ul style="list-style-type: none"> ➤ The purpose of this outreach program is to get parents involved in public education and teach them how they can help their students. There are six areas for parents to learn: parenting, communicating, volunteering, learning at home, decision making and collaborating with the community. ➤ Dr. Mills indicated the District has some great programs in place, such as Food for thought and Family Centers. The Parent Academy would increase the efforts in a broad-based direction. ➤ The Minority Student Success Advisory Committee will help with the implementation. The budget will come from community entities, businesses, and the school district. A stipend would be provided to presenters, and classes would be held in three or four district areas. All families of district students would be included. ➤ Mike Gallegos continued his report by reviewing the demographics of District 51 schools. He emphasized that parental involvement is a key factor in the effort to increase student achievement. ➤ Board members discussed literature and research, regarding parental involvement as one of the most important factors in student success. Other areas of discussion included funding and sponsorships within the community. ➤ Dr. Mills added the program is currently in the proposal stage; costs will be analyzed and an update will be brought back to the Board in the fall. <p>H-5. Business/Investment Report: Tim Mills & Vi Crawford</p> <ul style="list-style-type: none"> ➤ Vi Crawford reported the budget is on track; we are getting close to the close-out of the fiscal year at the end of the month. ➤ Mr. Rowley indicated concern regarding the costs for natural gas. <p>H-6. Expulsion Report: Tim Mills</p> <ul style="list-style-type: none"> ➤ Dr. Mills reported there have been 109 expulsions as of May 31, 2007, compared to 85 at this same time last year. Structures are in place to support expelled students in the district. Out of 21,000 students, 109 is a small percentage. ➤ Mr. Rowley spoke briefly about zero tolerance in discipline cases; there is some debate nationally whether zero tolerance is the best policy for students. A balance may be useful. ➤ Mr. Robinson is concerned about elementary students being expelled. ➤ Dr. Mills emphasized the importance of maintaining safe and orderly schools where students can grow. In mandatory areas, expulsion is necessary. He assured the Board that administrators and staff work hard to support these students. <p>I. EXECUTIVE SESSION: None at this time.</p> <p>J. Use of Beginning Fund Balance

Board of Education Resolution 07/08: 110

Adopted: June 19, 2007

WHEREAS, Senate Bill 03-149 creates a new subsection in C.R.S. 22-44-105 1B (1.5) (a) that states:

"A budget adopted pursuant to this article shall not provide for expenditures, interfund transfers, or reserves, in excess of available revenues and beginning fund balances. If the budget includes the use of a beginning fund balance, the school district board of education shall adopt a resolution specifically authorizing the use of a portion of the beginning fund balance in the school district's budget. The resolution, at a minimum, shall specify the amount of the beginning fund balance to be spent under the school district budget, state the purpose for which the expenditure is needed, and state the school district's plan to ensure that the use of the beginning fund balance will not lead to an ongoing deficit." and

WHEREAS, the Board of Education has set June 19, 2007, as the date of adoption for the 2007-2008 budgets for Mesa County Valley School District 51; and

WHEREAS, the Board may adopt the budgets at any regular or special meeting on or before, June 30, 2007;

NOW THEREFORE, BE IT RESOLVED, that the Board of Education of Mesa County Valley School District 51 does hereby approve the usage of the beginning fund balances as specified in the plan below for the fiscal year beginning July 1, 2007, and ending on June 30, 2008.

Pepsi Grant: Kids Voting

Board of Education Resolution 05/06: 118

Adopted: June 19, 2007

Grant Title	Kids Voting
Amount Requested	\$6,000
Purpose	Kids Voting is a hands-on citizenship education program which teaches students the principles of democratic living and the importance of citizen involvement in a democracy. Students learn about the rights, responsibilities and the privilege of citizenship. The program provides opportunities for students to take the knowledge they have acquired and apply it to personal hands-on experiences.

**Project Management Services For
Columbine Elementary School Phase 2**

Board of Education: 06/07:119

Adopted: June 19, 2007

WHEREAS The Board of Education approved the appropriation of funds for Phase 2 of the Columbine Elementary School Construction and Relocation Project (herein the “Columbine Project”) on April 17, 2007; and

WHEREAS, in response to a request for interest in providing project management services as the Owner’s Representative for the Project, Blythe Design + Co (herein “Blythe”) submitted satisfactory information establishing the firm’s qualifications; and

WHEREAS, Blythe served as the District’s Project Manager during the initial phases of work on the 2004 Bond Construction Projects under a contract entitled “Agreement for Project Management Services For School Facilities Capital Projects” (herein the “PM Agreement”); and

WHEREAS, Blythe has submitted a proposal (herein Proposal”) to amend and extend the terms of the PM Agreement to cover project management services for the Columbine Project, a copy of the Proposal being attached hereto as “Exhibit A”; and

WHEREAS, the Proposal, being within the 2004 Bond Construction budget, is acceptable to the Board.

NOW THEREFORE, BE IT RESOLVED that the Board of Education hereby accepts the Blythe Proposal to amend and extend the terms of the PM Agreement to cover project management services for the Columbine Project and directs the Superintendent to notify Blythe of the Board’s acceptance and authorizes the Superintendent, with the advice of District legal counsel, to execute such other and further contract documents as may be necessary to effectuate the purpose and intent of this Resolution.

**Resolution For Approval of Lease Agreement with Xerox Corporation
Print Shop/Copy Center Copier**

Board of Education: 06/07: 122

Adopted: June 19, 2007

WHEREAS, the District's copy center/print shop requires a color copier that meets specific criteria; and

WHEREAS, Xerox Corporation (Xerox) submitted a proposal for the provision of a new digital color copier that best meets such criteria, such new copier to be leased to the District for three (3) years under the terms specified in an equipment lease agreement; and

WHEREAS, the administration recommends acceptance of Xerox's proposal with modifications as shown in the Lease Agreement attached hereto (the "Lease"); and

WHEREAS, although the District's obligations under the Lease are contingent upon annual appropriations, the administration has reserved sufficient funds to pay the minimum monthly rental payments to become due under the Lease during the term thereof;

NOW, THEREFORE, BE IT RESOLVED that the Board of Education hereby approves the Contractor's proposal with modifications as set forth in the attached Lease, and authorizes the superintendent to enter into the same on behalf of the District. FURTHER RESOLVED that present cash reserves of the District in an amount sufficient to make all minimum rent payments to become due under the Lease shall be and are hereby pledged irrevocably and held for payment of same in all future fiscal years covered by the term of the Lease.

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District No. 51 Board of Education on June 19, 2007.
