Board of Education Resolution: 12/13: 15

Presented: September 18, 2012

This summer, four District 51 students participated in the Health Occupations Students of America National Leadership Conference and came home with top ten finalist recognition.

Kyra Dowd, a Mesa Valley Vision program student, was one of four who participated as a team against 60 others in their category and finished 7th place in the nation. They competed in the Public Health Emergency Preparedness category.

Kyra Dowd was also recognized for her community service and received a Presidential Service Award at the national conference. Kyra wasn't the only one recognized for her servant leadership; teacher, Theresa Bloom was also honored as Outstanding Advisor from Colorado.

The Board of Education and Superintendent proudly congratulates Kyra, her team, and their advisor for their hard work. We look forward to hearing more good things about her future accomplishments.

Board of Education Resolution: 12/13: 14

Presented: September 18, 2012

Blue Ribbon School recognition is awarded by the U.S. Department of Education to schools throughout the Nation that are committed to achievement and to ensuring that students learn and succeed. On September 7, 2012, it was announced that Pear Park Elementary School was one of 269 schools nationwide to receive this award in 2012. Pear Park is only the second school in District 51 to win this award.

The award honors public and private elementary, middle and high schools. The program recognizes schools in one of two performance categories. The first category is "Exemplary High Performing," in which schools are recognized among their state's highest performing schools, as measured by state assessments or nationally-normed tests. The second category is "Exemplary Improving," in which schools have at least 40 percent of their students from disadvantaged backgrounds and demonstrate the most progress in improving student achievement levels as measured by state assessments or nationally-normed tests. Pear Park Elementary was chosen in the "Exemplary Improving" category based on their ability to close the achievement gap over the last five years with 62% of their students coming from disadvantaged backgrounds.

Pear Park Principal, Cheri Taylor, will travel to Washington D.C. in November where Pear Park will receive their Blue Ribbon Award and spend two days with other award winners learning and sharing best practices. The Board and Superintendent wish to congratulate the students and staff at Pear Park Elementary School on this national honor.

Mesa County Valley School District 51 FEG/FEGB CONSTRUCTION CONTRACT BIDDING AND AWARDS/ CONTRACTOR'S AFFIDAVITS AND GUARANTEE

Adopted: July 21, 1992 Policy Manual Review: September 17, 2002 Readoption: September 18, 2012 Page 1 of 2

All major contracts for building construction shall be reviewed by the school district attorney.

Minor projects may be performed on authority of the Director of Maintenance and Operations, provided that they fall within budgetary authorization, conform to all applicable state and local building and land use codes, health and fire laws, and environmental standards, and are awarded for a total project cost not to exceed \$50,000.

The District shall not contract with a designer, a contractor, or a designer and contractor for the construction, design, or both the construction and design of a District public works project unless a full and lawful appropriation therefore has been made. Every contract for a District public works construction project shall contain a statement that the amount of money appropriated is equal to or in excess of the contract amount and shall also contain a clause which prohibits the issuance of any change order or other form of order or directive by the District requiring additional compensable work to be performed, which work causes the aggregate amount payable under the contract to exceed the amount appropriated for the original contract, unless the contractor is given written assurance by the District that lawful appropriations to cover the costs of additional work have been made or unless such work is covered under a remedy granting provision of the contract. As used herein the term "remedy granting provision" means any contract clause which permits additional compensation in the event that a specific contingency or event occurs.

The Superintendent may, by written delegation, confer contracting authority to building principals or building supervisors for free standing, non-structural improvements authorized by the budget where (1) the total project cost does not exceed \$1,000 and (2) the project does not require a building permit under Department of Labor standards. In such cases the building principal or building supervisor shall consult with the Director of Maintenance and Operations regarding contracting procedures, job specifications, environmental and quality control considerations prior to entering into a contract for the work. All such contracts shall be in writing with a copy forwarded to the Superintendent. All contracts for building construction shall be in writing with copies forwarded to the Superintendent and the purchasing department with appropriate purchase order documentation and account coding.

All construction contracts shall be in compliance with the laws of the state of Colorado, including those relating to the provision of bid security, worker's compensation insurance, and payment and performance bonds.

Partial payments may be made with supervisor approval and within the procedures or time schedules of accounts/payable as work progresses. This will depend upon terms of the contract.

Unless otherwise specified in the construction contract, a retainage of ten percent (10%) shall be made for all work performed or materials stored for a contract of greater than \$25,000,or as deemed necessary for contracts less than \$25,000. This retainage shall be maintained for all payments until completion and acceptance of the work and following notification to subcontractors as provided by the Public Works Bonding Act.

On contracts exceeding \$100,000 the contract shall provide for partial payments of the amount due under such contract at the end of each calendar month, or as soon thereafter as practicable, to the contractor if the contractor is satisfactorily performing the contract. At least ninety percent (90%) of the calculated value of any work completed shall be paid until fifty percent (50%) of the work required by the contract has been performed. Thereafter, the district shall pay any of the remaining installments without retaining additional funds if, in the opinion of the district official charged with the responsibility for supervising the project, satisfactory progress is being made in the work. The withheld percentage of the contract price on any project exceeding \$100,000 shall be retained until the project is completed satisfactorily and finally accepted by the board. The board may, if it finds that satisfactory progress is being made in all phases of the work, upon written request by the contractor,

authorize payment from the withheld percentage, provided that before such payment is made, the board shall determine that satisfactory and substantial reasons exist for the payment and upon presentation to the board of written approval from any surety furnishing bonds for the project. Every contractor performing work on a district project shall make partial payments of the amount due to each of its subcontractors in the same manner as the public entity is required to pay the contractor under this policy, provided that the subcontractor is satisfactorily performing under his contract with the contractor.

DJE, Bidding Requirements

Mesa County Valley School District 51 DJE BIDDING REQUIREMENTS AND PROCEDURES

Adopted: Date of Manual Adoption Revised: May 21, 1991 Policy Manual Review: September 3, 2002 Proposed Readoption: September 18, 2012

All contractual services and purchases of supplies, materials and equipment under a single contract, purchase order or invoice in the amount of \$25,000 or more shall be put to bid unless the Board of Education expressly waives application of this policy. The bidding requirement shall not apply, however, to professional services or instructional materials. Other purchases may be made in the open market, but shall, when possible, be based on competitive quotations or prices.

All contracts and all open market orders required to be put to bid shall be awarded to the most responsive, responsible qualified supplier, taking into consideration the quality of materials (services) desired and their contribution to program goals.

When bidding procedures are used, bids shall be advertised appropriately. Suppliers shall be invited to have their names placed on vendor lists to receive invitations to bid. When invitations are prepared, all merchants and firms who have indicated an interest in bidding shall receive the invitation.

All bids shall be submitted, as instructed by the invitation. Bids shall be opened in public by appropriate district officials or employees at the time specified, and all bidders shall be invited to be present.

The Board reserves the right to reject any or all bids and to accept that bid which appears to be in the best interest of the district.

The bidder to whom an award is made may be required to enter into a written contract with the district and/or supply performance and payment bonds. The Board hereby delegates to the superintendent authority to determine the necessity, form and amount of bonds.

Board of Education Resolution: <u>12-13:</u> 13

Tabled: September 18, 2012

Resolution calling on the Sixty-Ninth General Assembly to Take Meaningful Legislative Action in 2013 to Improve Education Funding.

WHEREAS, public education is the bedrock of our democracy, fundamental to individual opportunity and the key to Colorado's economic recovery, prosperity and future; and

WHEREAS, the lives and livelihoods of Colorado's children depend on the quality of the education and the breadth of the opportunities available to them, from preschool through higher education; and

WHEREAS, our community will thrive when every student graduates as a contributing, well-rounded, well-prepared citizen and life-long learner; and

WHEREAS, Colorado was already \$1,809 behind the national average in per pupil funding before the recession began according to data from the National Center for Education Statistics and ranked 48th in per capita funding of higher education according to the National Center for Higher Education Management Systems; and

WHEREAS, as a result of the subsequent Great Recession, the State of Colorado has faced multiple years of budget shortfalls resulting in over \$3 billion in cumulative cuts to P-12 and higher education funding between the 2009-2010 and 2012-2013 school years; and

WHEREAS, these cuts in state funding are impeding the ability of Mesa County Valley School District 51 to implement all strategies necessary to ensure the successful educational experience of every student; and

WHEREAS, the need to reverse the impact of cuts is urgent and Colorado students cannot afford to wait even one more year for Colorado to start restoring lost opportunities, programs, teaching positions, investing in quality teaching, early childhood education, expanded learning opportunities and quality, affordable higher education; and

WHEREAS, Colorado has put in place reforms, policies, mandates, and pilot programs involving standards and accountability for preschool, K-12, colleges and universities; educator quality; student achievement; and effective use of time and resources, so that Colorado students stand to benefit profoundly from new investments in public education; and

WHEREAS, local and federal funding sources cannot overcome recent budget cuts and chronic state underfunding; and

WHEREAS, a broad coalition of organizations and individuals throughout Colorado have joined together under the name of the "Year of the Student Project" to demand meaningful legislative action in 2013 toward improved investment in Colorado's schools, colleges and universities;

NOW THEREFORE, BE IT PROCLAIMED that Mesa County Valley School District 51 hereby joins with the Year of the Student Project in calling on the future members of the 69th General Assembly to make 2013 the "Year of the Student," by using the 2013 legislative session to create and find funding for the public education finance system that matches reforms, mandates and accountability measures with the resources necessary to make all students successful.

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on September 18, 2012.
